

REMARKS

In the present Amendment, the specification has been amended to complete the formula of the product of the reaction at page 23 of the specification. The incomplete formula resulted from the margin requirements of the original page not being met. Claims 33, 56, 73 and 75 have been amended to remove extra lines in the formulae, which were inadvertently introduced in the Preliminary Amendment filed July 15, 2004. No new matter has been added. Entry and consideration of this Amendment are respectfully requested.

Respectfully submitted,
